

Winter Mats - 2011/2012

From Monday, 14th November, the use of mats is **COMPULSORY** for **all fairway shots**.

As an alternative to using mats, players may pick up and place their ball (not nearer the hole) in the nearest semi-rough at least 2 metres from the edge of the fairway.

Players are **NOT** permitted to use a tee peg as a substitute for a mat when playing from the fairway.

Divots removed when playing from the rough ***MUST BE REPLACED***.
