

Handicaps and Competitions

Report and Minutes of meeting held on Tuesday July 7, 2010, 7 30pm.

Present were Mick Almond, Alan Richardson, Dave Parrott, John Titley, Colin Glaves and Rod Anderson.

Correspondence.

Acknowledgement has been received from Marie Curie organisers thanking our members for their support and help throughout their Fund Raising day.

Card marking rota review.

All competitions throughout July were confirmed and manned with card scrutinisers as required. World Cup shotgun, Invitation Day 2, Bass Bowl, Scarborough Fixings Rd 3, Presidents Mixed, Presidents Putter/MG7, Ford Golf Day, arrangements are on hold. Our August rota was also fully manned to meet competition needs.

Club competitions update.

Chairman updated committee with issues related to fixtures not completed by due date, the players involved have been disqualified, decision accepted.

Inactive Handicap members inc Visiting members

Arising from a situation involving a team who played in the Marie Curie Charity Day last Friday, who were subsequently disqualified from winning a prize because their team included a player with an inactive handicap.

The Handicap and Competition Committee request the club to enforce the relevant CONGU ruling in all Competitions played at North Cliff Golf Club.

Application of the ruling has to be enforced with clear visibility of Handicap status, this can be done quite easily by checking and recording at registration desk or using "How did I do" web site where most of the players handicaps are available to the Competition committee.

Golf Week.

Discussion took place on the forthcoming "Golf Week". We are hosting four days, Monday, Tuesday Thursday and Friday competitions, preliminary plans were put in place to support the events.

Committee agreed to review the volume of entries in Invitation Day 2 at their next meeting.

Date of next meeting, Tuesday August 10, at 7.30pm.
